MR. SPEAKER.—Yes, he has already said that he will call for a report.

Works included in the Second Five-Year Plan in Bijapur District.

*Q.—627. Sri J. L. KABADI (Indi).—

Will the Gevernment be pleased to state :—

(*a*) what are the items in Bijapur District included in the Second Five-year Plan (talukwise detailed statement with amounts may be given) ;

(*b*) the progress of work of the said items and the total amount spent so far ?

A.—Sri B. D. JATTI (Chief Minister).—

(*a*) and (*b*) The Second Five-Year Plan was finalised by the State Governments in consultation with the Planning Commission prior to Re-organisation. After the new State was formed, the Plans of the five units were integrated in consultation with the Planning Commission. This Plan has been drawn up for the State as a whole and not on District-wise basis, keeping in view the essential needs of all the areas. Thus, it is not possible to give any detailed Talukwise break-up.

(No SUPPLEMENTARIES).

Supply of Power from the Tungabhadra Hydro-Electric Project.

*Q.—629. Sri E. PUNDALIKAPPA (Kushtagi) :—

Will the Government be pleased to state :—

(*a*) the number and names of towns that will be benefited by the Tungabhadra Hydro-electric Project ;

(*b*) whether the power generated by the above Project would be utilised for rural electrification ;

(*c*) if so, the number and names of towns that would be benefited ;

(*d*) whether they intend supplying power for lift irrigation to such lands that will not be benefited by the Tungabhadra Dam because of their situation on a higher level, and to certain development schemes such as small scale Industries, on a priority basis ?

A.—Sri H. M. CHANNABASAPPA (Minister for Public Works and Electricity).—

(*a*) Almost all the towns of Hyderabad Karnatak area would be benefited by the Project. Estimates have already been prepared for the electrification of 56 towns and villages in Raichur and Gulbarga Districts as per the list given below. This list is not exhaustive as electrification of further villages will be considered after the transmission line network is complete.

(*b*) & (*c*) Yes, *vide* reply to Clause (*a*).

(*d*) If applications are received for power supply to I.P. sets and if they give deposits along with the applications, necessary investigations will be made after some main distribution lines are drawn in these areas. Estimates will be prepared and power supply arranged if the cost per HP is within the ceiling limit fixed by the State Electricity Board.

Names of towns and villages for which estimates have been prepared.
